References for direct methods for sparse linear systems

Timothy A. Davis

June 9, 2016

All of the following references appear in our Acta Numerica paper, *A survey of direct methods for sparse linear systems*, by Davis, Rajamanickam, and Sid-Lakhdar, Acta Numerica, vol 25, May 2016, pp. 383-566, with one additional reference: the survey paper itself [138]. A bibtex file for all the references is available as the `survey.bib`, posted at http://faculty.cse.tamu.edu/davis/publications.html
