Problem Set 1
CPSC 311 Analysis of Algorithms
Andreas Klappenecker

The assignment is due next Wednesday, 09/13/2006, before class.

Solve the following exercises from the lecture notes on Asymptotics:

1) Exercise 6
2) Exercise 7
3) Exercise 13
4) Exercise 20
5) Download and install the typesetting system LaTeX on your computer (MikTeX is a good choice for Windows). For other systems, see the recommendations on www.ctan.org.
6) Get familiar with LaTeX – browse lhort.pdf.
7) As a first exercise, type your solutions to Exercises 1)–4) in LaTeX. You need to have experience with LaTeX when you write your first paper.
